Full metal frame smart LED TV

全金属边框智能液晶电视机

Product features

产品特点

- 金属边框设计 Metal border design
- 机身超薄设计 Ultra-thin body design
- 4k超高分辨率 4K Ultra high resolution
- 遥控节能环保设计 Remote control skills environmentally friendly design
- 专业电视处理器 Professional TV processor
- 网络智能四核CPU1.5GHz Network intelligence quad-core cpu1.5ghz

TP Size			
32"(16:9)	40"(16:9)	43"(16:9)	46"(16:9)
50"(16:9)	55"(16:9)	60"(16:9)	65"(16:9)

Product introduction 产品介绍

● 可以单屏独立显示、图像漫游、整屏显示、画中画显示、画面叠加、画面拉伸、模拟投放；● 4K高清分辨率,单屏可达1920X1080P高清画面, 3500:1的对比度; 10000K的色温; ● 超窄边设计, 屏幕与边框浑然一体, 双拼缝3.5mm, 无需外置分割器的拼接技术; ● 集成3D Decoder、2Scaler、数字信号支持到10bit输入输出, 操作控制灵活方便; ● 逐行输入信号, 可以精准到1个像素点的分割控制; ● 极速响应, 去除影像拖尾, 具有自动消除残影功能, 保护液晶屏的长期使用; ● 加装了智能温控系统, 采用双风扇设计, 确保内部温度控制在55°以内, 从而更安全; ● 专业的结构设计, 适于多种方式安装, 金属屏蔽结构, 可防止外界电磁干扰, 无辐射; ● 全新三星/LG面板, 碎屏包换, 售后无忧, 大量现货; ● 原装进口工业级DID液晶屏幕, 不闪屏, 超强防干扰 ● 工程师全程指导, 全国上门安装, 全国联保, 终身维护。

It can display independently, image roaming, whole screen display, painting display, picture overlay, drawing and drawing, and mold release; Hd resolution with a single screen can reach 1920X1080P hd screen, 3500:1 contrast; Color temperature of 10000K; The design of the ultra-narrow side, the screen and the frame are integrated, the double joint is 3.5mm, no external splitter technique is required; It integrates 3D Decoder, 2Scaler and digital signal to support 10bit input and output, and the operation control is flexible and convenient. The input signal can be precise to 1 pixel of the segmentation control; Fast response, remove the image and tail, have the function of eliminating the shadow automatically, protect the long-term use of the LED screen; Equipped with intelligent temperature control system, using double fan design, to ensure that the internal temperature control within the 55°, and thus more security; The professional structure design is suitable for various ways to install, metal shielding structure, can prevent external electromagnetic interference, no radiation; New samsung /LG panel, broken screen replacement, unsatisfactory after sales, large quantity of stock; The original imported industrial grade DID LED screen, no flash screen, super anti-interference. The engineers guide the whole process, nationwide installation, national insurance, lifelong maintenance.

Touch query machine 触摸查询一体机

Product description 产品介绍

背光寿命: 60000h, 分辨率: 1920*1080 (16:9) 可视角度: 178度全视角, 亮度: 500cd/m
功率/电压: 55W/110V-240V 对比度: 5000:1 材质: 真6点防爆触摸屏 耐久性: 可承受超过6千万以上
触摸屏分辨率: 32767*32767 温度: 178° 全视角 响应速度>8ms 功率/电压: 55W/110V-240V
适用操作系统: Win7/Win8/Android

Backlight life: 60000h, Resolution: 1920*1080 (16:9) Viewing angle: 178 degrees full viewing angle, Brightness: 500cd/m Attack rate/voltage: 55W/110V-240V
Contrast ratio: 5000:1 Material: True 6-point explosion-proof touch screen
Durability: can withstand more than 60 million
Touch screen resolution: 32767*32767 Temperature: 178° full viewing angle Response speed>8ms Attack rate/voltage: 55W/110V-240V
Applicable operating system: Win7/Win8/Android

Interactive Touch Whiteboard 教学一体机

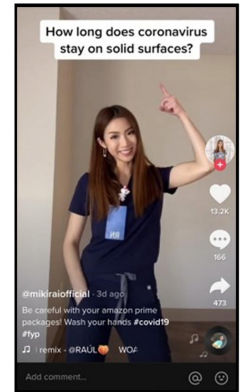

Product introduction 产品介绍 55"/65"/75"/85"/90"/95" 100"/110"

教育机一体机，一机多能，集投影仪、电脑、电视、音响、广告机、电子白板等多种设备功能于一身：安卓/电脑双系统，可安装各种app及电脑应用软件，支持云端控制，无线投屏；屏幕高清高亮，视频画面绚丽，防眩光隔层，钢化玻璃保护层，防水防撞击

Education machine one machine, one machine multi-energy, set projector, computer, TV, audio, advertising machine, electronic whiteboard and other equipment functions in one; Android/computer dual system, can install various app and computer application software, support cloud control, wireless screen; The screen is high and clear, the video screen is gorgeous, the anti-glare barrier layer, the protective layer of toughened glass, waterproof and anti-collision.
