About us

Our company had committed to the development of new sanitary ware production enterprises for many years ,specializing in R & D , production , sales , professional production lines , strict implementation of quality management ,and the development of a series of excellent brand.

We have been subliming the nature, pursuing the quality of life for the design concept, adopting the advanced technology, integration of the natural environmental protection material, making the appearance more noble and elegant, in these years. Our products are favored by consumers, which launched a revolutionary new trend in the sanitary ware field.

Over these years, our company has always been to "excellent quality" as the goal, to the "integrity management" for the purpose, and constantly optimize the product quality, actively attracting our Outside the essence of advanced technology and marketing concepts, strengthen personnel management, with rigorous scientific service system, deep and effective marketing support, we are warmly welcome every customers from all over the world to cooperate together, to create a wonderful new life of human harmony.

Here are the development history of Chaozhou Amaze Sanitary Manufacturer:

- 1992** The factory was established
- 1993** Main products ceramic bathroom set are exported to Europe
- 2000** Entered into the sanitary ware industry
- 2003** Awarded International Standard Product Marking Certificate
- 2004** Developed dealers across China, succeeded in domestic market
- 2006** Build a business with Southeast Asia, And enter the south America market
- 2008** The first color glaze toilet came out to meet the south America market
- 2012** Join into the Alibaba, start online business
- 2015** Attended Canton Fair advancing into a new steady growth period
- 2016** Build business with the United States,Europe,Australian,Peru, Mexico.....

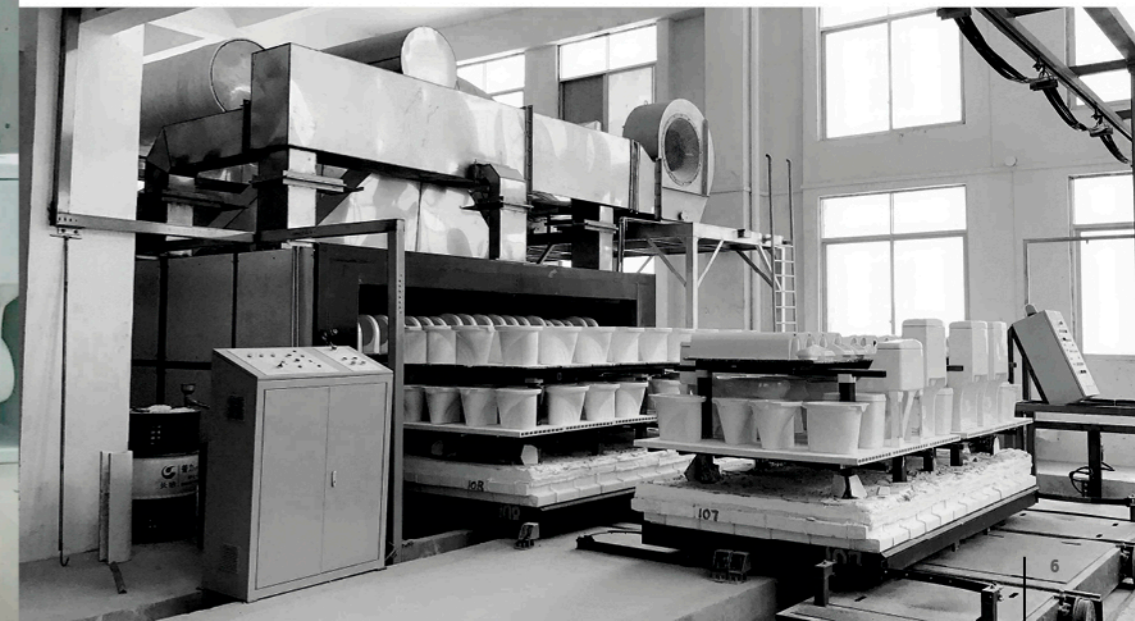

PRODUCTION PROCESS

The clay is carefully selected and tested regularly to control the quality. Keep multiple filtrations of vibration and magnet. The flow velocity measurement of every batch's slurry is taken every day.

The quality of toilet depends on lean production and control. Good equipment and good production line are the guarantee of good products. We have more advanced, fully automated and modern production lines to ensure product quality.

QUALITY CONTROL

We strictly follow the standard inspection specifications, glaze and other details. To ensure that each product must pass through two checkpoints of machine inspection and manual inspection.

CONTRACTED & ART DESIGN

Enjoy every moment of the life.
Using the art and feeling, to create the simply daily life.

Two Piece Toilet

EXPLORING CLEAN TECHNOLOGY

Take care of every detail carefully, safeguard toilet health, and let the home performance and artistic atmosphere coexist.

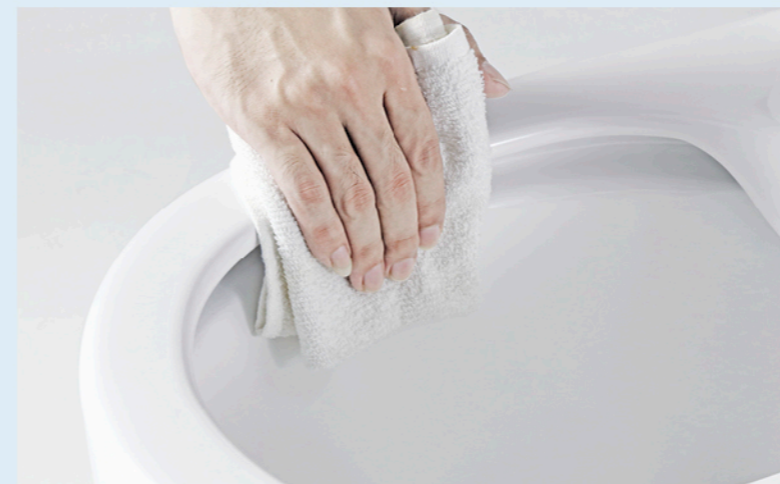

Tornado

Tornado flushing mode specializes in "continuous swirling back". It can get rid of waste easily, keep the inner surface clean and save water greatly.

Removable cover plate

The cover adopts the technology of easy assembly & disassembly. It ensures the easy cleaning of the cover and nowhere for the dirt to hide.

Self-cleaning Glaze

Scientific glaze formula ensures that the surface is hygienic and antibacterial.

Mute slowdown

Mute slow-down seat cover technology can reduce the noise, collision and breakage of the seat cover when it is closed.

ROUND MODELING

Beauty and modern integration, improve the sense of spatial hierarchy, create personalized bathroom life.

EXQUISITE WORKMANSHIP

Fine polishing, elaborate production of auxiliary materials,
will be elegant, healthy, natural,
written into the modern bathroom poetry.

HUMANITY

It combines natural culture with one body, architectural model with one body, and every detail is carefully carved so that every space can become a treasure of residential art.

PURSUIT OF HIGHER HEALTH

Water-saving and environmental protection,
effectively avoid the spread of bacteria,
put an end to the man-made toilet after not flushing behavior,
long-term maintenance of the clean public environment.
